---

### PROFESSIONAL SUMMARY

Computer Science and Engineering student at S.A. Engineering College with a developing foundation in programming, web technologies, databases, and core computer science. Interested in artificial intelligence and building practical, user-focused digital solutions. Brings a disciplined, collaborative approach shaped by NCC and sports.

### EDUCATION

#### B.E. Computer Science & Engineering

S.A. Engineering College | Currently pursuing | Chennai, Tamil Nadu

### TECHNICAL SKILLS

**Programming:** C, C++, Java, Python

**Database:** SQL

**Tools:** Git, GitHub, VS Code

**Web Development:** HTML, CSS, JavaScript

**Core Computer Science:** Data Structures, OOP, Algorithms, Problem Solving

**Technical Interests:** Artificial Intelligence, Web Applications, Smart Technology

### FEATURED PROJECT

#### MARUDHAM 360 — AI-Powered Smart Agriculture & Farmer Support Platform

[Live project](#) | [Demo video](#) | AI-powered · Satellite-enabled · Offline-first

A smart agriculture ecosystem designed to support farmers across crop planning, cultivation, monitoring, harvesting, post-harvest management, market access, and farmer support.

- Key areas include AI crop intelligence, smart farm management, and satellite and location intelligence.
- Also covers crop lifecycle management, market and finance, post-harvest support, and local agriculture networks.
- Includes farmer community and voice support as part of its farmer-focused platform scope.

### LEADERSHIP & PERSONAL DEVELOPMENT

#### NCC Cadet

Discipline, leadership, teamwork, responsibility, confidence, and time management.

#### Sports

Team spirit, consistency, dedication, perseverance, and goal-oriented thinking.

**Strengths:** Logical problem solving, adaptability, collaboration, leadership, and creative thinking.

### AREAS OF INTEREST

Artificial Intelligence · Web Development · Software Development · Data & Technology · Smart Technology
